Superior Clamping and Gripping

SCHUNK 

SCHUNK Co-act EGP-C Gripper

The first certified Industrial Gripper for
Collaborative Operations

SCHUNK Co-act EGP-C Gripper: The first certified Industrial Gripper for Collaborative Operations

With the SCHUNK Co-act EGP-C gripper, the competence leader for gripping systems and clamping technology presents an inherently safe industrial gripper that has been certified and approved by the German Statutory Accident Insurance Association (DGUV) for collaborative operations.

<p>Size 40</p>	<p>Weight 0.8 kg</p>	<p>Gripping force 140 N</p>	<p>Stroke per jaw 6 mm</p>	<p>Workpiece weight 0.7 kg</p>
---------------------------	---------------------------------	--	---------------------------------------	---

The benefits at a glance

- + **Certified gripping unit in accordance with ISO/TS 15066** saves time and effort when carrying out the safety assessment of the overall application
- + **Plug & Work with Cobots** by KUKA, Fanuc and Universal Robots
- + **Integrated lighting** for viewing the application's condition
- + **Pre-assembled gripping unit** with robot interface for quick and easy integration
- + **Service flap in collision protection** for adjusting the sensor system
- + **Control via digital I/O** for easy commissioning and rapid integration into existing systems
- + **Size 40 available from 2018**

J. Lehmann

Jens Lehmann, German goalkeeper legend,
SCHUNK brand ambassador since 2012 for
safe, precise gripping and holding.
